Cleanup bicycle shed

Next week will start with the cleanup action in the bicycle shed. All bicyclesteers will be labeled with this sticker.

When you use your bike, you can remove the label sticker again. During the week of March 6, 2017, all bikes

equipped with the sticker are removed from the bicycle shed. The municipality has been agreed that we can put the bikes in their garage to the Vestdijk for three months. If the bike is still not picked up, it will be destroyed.

If you are not in Eindhoven between January 9 and March 6, we ask you to send a description of your bike (mark, model, color) to info@medina-eindhoven.nl.

Nuisance pets

From several residents we have received reports of nuisance caused by dogs and / or cats.

The nuisance consists of the long-term barking by dogs (usually in the absence of the owner); feces in the hallway or garage; or unwanted visit by cats on someone else's terrace.

We ask the pet owners therefore urgent to reduce the inconvenience to your neighbors to a minimum. And if your dog accidentally dirties the floor, please clean it by yourself.
